

## Homework

- Due before the NEXT class
  - With one exception: today
    - Due by midnight 25 January (before 11:59PM)

---

---

---

---

---

---

---

---

## Clusters at UT

- You have accounts on all the Sinrg clusters (UTK clusters managed by the CS department)
  - Boba, frodo and grig
  - Please check by midnight and report if any problems
  - Boba: free usage cluster (no shceduler). Range by octal representation (thorus topology) **\*\*bobaxx\*\***

---

---

---

---

---

---

---

---

## Clusters at UT

- Grig and frodo use PBS/Torque scheduler. Performance testing !!!
- More information at <http://icl.cs.utk.edu/sinrg>  
<http://www.cs.utk.edu/help>
- MPI implementation:
  - On all these clusters:
    - ~bosilca/opt/mpi -debug
    - ~bosilca/opt/mpi -fast
  - More information at <http://www.open-mpi.org>
